Product Family: Food Warming Equipment

230-volt full-size Mirage® countertop induction buffet warmer in black with UK plug

Expand your menu offerings while saving energy with the full-size Mirage countertop induction buffet warmer by Vollrath. This warmer's touch controls are easy to use and prevent accidental temperature adjustments, while the LED indicator lights on the control panel and glass top keep you informed. The four temperature settings allow you to hold a variety of foods at safe temperatures. Several safety features extend the life of the unit and improve the overall experience. The black tempered glass top is durable and easy to clean, and the smooth, attractive design coordinates with any serving setup. Due to the low power usage, you can operate up to three warming units per electrical outlet, simplifying cord management and easing load capacity concerns. Easily connect up to three units with the included interconnect cords, and then plug the middle unit into a wall outlet. When the cords are not in use, store them in the compartment underneath the unit for ultimate convenience.

MODEL INFORMATION

EAN 13	8421661597531
(W) Width (CM)	58.6
(D) Depth (CM)	40.8
(H) Height (CM)	7.8
Amps	1.63
Cord Length (CM)	183
Hz	50/60
Plug	UK (Type G)
Voltage	230
