Cutting board 60 x 40 cm high-density polyethylene in black

This cutting board by Pujadas is a food prep essential. It's made of high-density polyethylene, which provides superior durability, rigidity and abrasion resistance for an incomparable performance. This 60 x 40 cm cutting board offers plenty of room for a wide range of food items, so it's the perfect choice for any commercial kitchen. This cutting board features silicone feet, so it won't slide around on countertops. Instead, it will provide a reliable, steady surface for slicing, dicing, chopping and much more. The black color fits into a color-coded HACCP program perfectly, which helps keep kitchens organized, maximizes efficiency and prevents cross contamination, while the smooth surface promises quick and easy cleaning.
