# 24-ounce Traex® Color Mate clear squeeze dispenser with FlowCut™ cap

Simplify your condiment service with the Traex Color Mate squeeze dispenser by Vollrath. Made of durable, yet flexible, polyethylene, this bottle is easy to squeeze for fast application of ketchup, mustard, signature sauces, dressings or any of your favorite condiments. The clear color makes it great for dispensing oils with a neutral color, while the patented silicon valve flip top allows easy squeezing and dispensing with the bottle upside down. Additionally, the flat cap allows you to flip the bottle upside down and sit on its top when content is running low, helping you get the last bit of product out and eliminating waste. Thanks to the clearly embossed capacity graduations, your staff can measure out condiments easily to help monitor portion control.

## Features & Benefits

- Polyethylene construction is durable and flexible
- 24-ounce capacity
- Clear bottle allows for quick product identification
- FlowCut cap has a patented silicon valve flip top allowing easy squeezing and dispensing with the bottle upside down
- Dishwasher-safe for easy cleaning
- Made in the USA
- Perfect for serving condiments, dressings, sauces and more
