Product Family: Food Warming Equipment

4-ounce stainless steel ladle with black Ergo Grip™ Kool-Touch® handle

Uniquely and durably designed, the Vollrath® ladle is ideal for restaurants, soup stations, buffets, catering operations and more. Made of strong stainless steel, this ladle is fully functional up to 350°F and features an offset, Ergo Grip handle that offers a comfortable grip. The stopper prevents the ladle from sliding into the food container, and the smooth, one-piece design makes this ladle impressively easy to clean. With a Kool-Touch handle, this ladle ensures a cool grip when serving hot food items, is color-safe up to 225°F and features all-natural antimicrobial properties that guard against harmful bacteria. The shorter overall length is perfect for serving under breath guards or in other low-clearance situations.

Features & Benefits

- Stainless steel construction is durable, long lasting and fully functional up to 350°F
- 4-ounce capacity
- Offset handle provides a comfortable grip and prevents the ladle from sliding into the food container
- Shorter overall length is ideal for serving under breath guards or in other low-clearance situations
- One-piece design is easy to clean
- Kool-Touch handle promises a cool grip and is color-safe up to 225°F
- Insulated coating is permanently bonded to the ladle and will not slip off
- All-natural antimicrobial properties guard against harmful bacteria
- NSF-certified
- Ideal for restaurants, buffets, soup stations, catering operations and more
