Century sauce pot 40 cm 31.4 liter aluminum with stainless steel tube handles

The Century sauce pot by Pujadas is made of 99 ½ percent extra-strong aluminum for an impressive performance. The aluminum provides excellent thermal conductivity and high efficiency, while reinforced edges resist dents. The thick base prevents deformation to maintain consistent contact with the heat source for even heat distribution, and the tall sides offer an impressive 31 ⅔-liter capacity. A polished finish creates a sleek appearance and may prevent the growth of bacteria. The insulated stainless steel loop handles offer a cool and comfortable grip, while their strong rivets promise a secure connection. This NSF-certified Century sauce pot is compatible with gas, vitroceramic and electric ranges.
