## Cool-Line Colors frying pan 24 cm stainless steel induction-ready in satin finish

With a brilliant design that any professional chef will love, it's no surprise that the Cool-Line Colors Ergos frying pan by Pujadas is a bestseller. The body of this frying pan is made of 18/10-grade stainless steel for impressive durability and longevity, and the sandwich base features an aluminum core to provide exceptionally fast heat, even distribution and induction compatibility. The Excalibur nonstick coating is one of the toughest, longest-lasting nonstick coatings on the market and ensures a smooth release and quick cleaning all day long. The stainless steel ergonomic handle prevents heat retention for a cool, comfortable grip, and a hang-hole at the end of the handle offers a convenient storage solution. With its sleek design and smooth satin finish that hides signs of wear, this NSF-certified frying pan will look stunning on your gas, vitroceramic, electric or induction range. Excalibur is a registered trademark of PPG Industries Ohio, Inc.
