Rectangular black slate serving board 26 x 18 cm and acacia wood with handle

Combining sleek slate with a warm acacia wood frame, this rectangular cutting board by Pujadas offers a natural, elegant presentation for cold or hot plates. The black slate creates a dramatic appearance and has a unique textured surface. It's strong, easy to clean and nonporous, so it won't absorb any flavor from food items. The beautiful acacia wood frame is tough and highly water-resistant, making it perfect for foodservice applications, while the handle provides a comfortable, secure grip. The dark slate offers an exceptionally stunning background for light-colored items, like cheese and bread, or bright fruits, vegetables, entrées and more.
