Pastry Collection rectangular serving tray GN 1/3 melamine with pastry pattern

Any bakery, café or pastry shop would love this rectangular serving tray by Pujadas. Featuring a printed pastry pattern, this tray offers the perfect presentation for baked goods. The black background and white text create a striking contrast that's easy to read, while the small rim prevents food items from sliding off the tray. This tray features a nontoxic, odorless melamine construction, which is a synthetic resin that becomes hardened and formed after heating. It provides exceptional heat and corrosion resistance and is SGS-certified for food contact. It's durable, lightweight and unique, making it an excellent choice for croissants, donuts, muffins, buns, cookies and much more.
