Product Family: **Inox First Cookware**

## Inox First casserole pan 24 cm stainless steel with encapsulated aluminum base in mirror finish with lid

The possibilities are endless when a creative chef chooses the Inox First casserole pan by Pujadas. Manufactured with sophisticated all-over technology, this stainless steel pan features an encapsulated sandwich base with a magnetic stainless steel bottom for induction compatibility. The inside is completely filled with a thick layer of aluminum, with no empty cavities, which allows for faster and more even heat distribution all the way to the edges. This all-over technology prolongs the life of the pan, as it prevents food, water and soap residue from building up, which would eventually cause damage.

### Features & Benefits

- Sophisticated all-over technology combines the benefits of stainless steel and aluminum into one exceptional pan
- Stainless steel exterior offers impressive durability and longevity
- All-over encapsulated sandwich base filled with aluminum for faster, more even heat distribution all the way to the edges
- All-over encapsulation technology prevents food, water and soap buildup to prolong life of pan
- Shiny mirror finish and straight sides create a unique, modern look
- Loop handles allow convenient carrying and pouring
- Wide base provides maximum heat conduction
- Lid traps heat and condensation
- 24-centimeter casserole pan
