Century casserole pan 40 cm 20 liter aluminum with stainless steel tube handles

Strong and stunning, the Century casserole pan by Pujadas provides an incomparable performance. The 99 ½ percent extra-strong aluminum construction ensures excellent thermal conductivity and high efficiency, while reinforced edges resist dents. The thick base prevents deformation to maintain consistent contact with the heat source for even heat distribution, and the tall sides offer an impressive 20-liter capacity. A polished finish creates a sleek appearance and may prevent the growth of bacteria. The insulated stainless steel loop handles offer a cool and comfortable grip, while their strong rivets promise a secure connection. This NSF-certified Century casserole pan is compatible with gas, vitroceramic and electric ranges.
