16-compartment rack extender full size polypropylene in beige for Open Flap Rack 16- compartment rack

Compatible with full-size Flap Rack 16-compartment racks, this extender by Pujadas is a convenient way to customize your rack to your needs. It's easy to assemble and provides additional height and support for taller items. Thanks to the patented Flap Rack design, it's easy to switch between open and closed sides for incomparable versatility. Open sides ensure thorough washing and superior airflow for better cleaning and faster drying, while closed sides provide security and protection for storage and transportation (flaps for closed sides sold separately). This extender features double-wall polypropylene that offers impressive strength and a temperature range up to 95°C (203°F), promising years of superior performance. It's stackable, which saves space during storage, and NSF-certified.
