Product Family: Stainless Steel Trolleys

Disassembled Stainless Steel Serving Trolley with guard-rail shelf 88 x 58 cm with 2 levels

The serving trolley with guard-rail shelf is designed for versatility and safety in dining environments. The guard-rail design helps secure items in place during transport, reducing the risk of spills or accidents. Constructed from stainless steel, this trolley is built to withstand the demands of a busy service environment while maintaining a professional appearance. Its two levels provide ample space for organized service, and the robust frame ensures durability. This trolley is perfect for enhancing the efficiency of food service operations while providing a safe and reliable means of transportation.

Features & Benefits

- 800 mm x 500 mm trolley
- Two levels for efficient service and storage
- Guard-rail design for added security of items
- Built from durable stainless steel for long-lasting use
