The Countertop Open Grill Lite Without Refractory Base offers a streamlined grilling solution that breaks free from traditional design expectations. Unlike conventional grills with heavy refractory bases, this model offers more mobility and flexibility for your kitchen, meaning easier installation, lighter weight, and enhanced versatility for any cooking environment. Crafted from high-quality stainless steel, this grill offers 5 cooking levels and a rod bar grate that enhances heat distribution for more even cooking and easier grease management. Featuring an innovative double open grill and a firebasket-free design, this grill brings versatility into your cooking space. The tilting grill feature offers three positions - charcoal lighting, flat for cookware, and fat collecting - enabling you to adapt the grill to your specific cooking needs.
