Flexipan 70 half-sphere mould for 2.9 cm-diameter 1.8 cm-tall

With a unique construction that's favored by high-class commercial kitchens, this Flexipan mold by Pujadas creates flawless half-spheres. Flexipan features a unique combination of silicone and fiberglass that offers incomparable flexibility, durability and natural nonstick properties. It doesn't need to be oiled and allows a smooth, easy release. The strong design can be used between 2000 and 3000 times before showing any signs of wear, making this mold a dependable and eco-friendly option. It features a temperature range of -40°C to 280°C, so it can be used for freezing, baking and everything in between. Easy to clean and NSF-certified, this versatile half-sphere mold offers exceptional performance for unforgettable results.

MODEL INFORMATION

EAN 13	8421661859059
(W) Width (CM)	60
(D) Depth (CM)	40
(H) Height (CM)	2
(DI) Diameter (CM)	29
Weight (KG)	0.35
Construction Material	Silicone
Material Type	Polymers
Case Lot	1
Case Width	38
Case Height	2

Features & Benefits
