Life Collection square serving tray 37.5 cm melamine in white

The Life Collection square serving tray by Pujadas offers a winning combination of sophistication and strength.

This tray is made of melamine, which is a synthetic resin that becomes hardened and formed after heating. It looks like porcelain, but is more durable and lighter weight, so it's a better choice for busy foodservice operations. This heat-resistant, corrosion-resistant tray has a temperature range of -20°C to 70°C. The neutral white color creates a clean and crisp look, while the wide, square rim beautifully frames your delicious food items. This elegant tray is an excellent choice for catering operations, restaurants, hotels and more.

Features & Benefits

- Melamine construction is durable, lightweight, heat-resistant and corrosion-resistant
- Square design and wide rim beautifully frame food items for attractive presentation
- White color creates a clean, crisp appearance
- Nontoxic, nonodorous construction
- Temperature range of -20°C to 70°C
- SGS-certified for food contact
- Not recommended for: microwave, oven, direct flame, oil products or chemical products
