(L) Length (CM)	70
Weight (KG)	1
Color	Red
Case Lot	1

The Countertop Open Grill Lite Without Refractory Base offers a streamlined grilling solution that breaks free from traditional design expectations. Unlike conventional grills with heavy refractory bases, this model offers more mobility and flexibility for your kitchen, meaning easier installation, lighter weight, and enhanced versatility for any cooking environment. Crafted from high-quality stainless steel, this grill offers 5 cooking levels and a V-shaped grate that channels fat and juices away from the heat source for better flavor retention and even cooking. Featuring an innovative double open grill and two built-in firebaskets, this design brings versatility into your cooking space. The tilting grill feature offers three positions - charcoal lighting, flat for cookware, and fat collecting - enabling you to adapt the grill to your specific cooking needs.
