Rectangular black slate serving board 33 x 23 cm and acacia wood

Combining sleek slate with a warm acacia wood frame, this rectangular serving board by Pujadas offers a natural, elegant presentation for cold or hot plates. The black slate creates a dramatic appearance and has a unique textured surface. It's strong, easy to clean and nonporous, so it won't absorb flavors or bacteria from food items. The beautiful acacia wood frame is tough and water-resistant, making it perfect for foodservice applications. The dark slate provides an exceptionally stunning background for light-colored items like cheese and bread or bright fruits, vegetables, entrées and more.
