Product Family: Food Warming Equipment

Countertop Heating lamps 24 cm copper with base 50 x 45 cm marble

Designed to create consistent, targeted heat, this countertop heat lamp by Pujadas keeps food items warm until they're ready to be served. The copper shade creates a warm, modern feel and looks stunning in front-of-house applications when combined with the marble base. This countertop heat lamp features a flexible neck, so you can adjust it as needed and move it anywhere in your establishment to ensure hot, high-quality results for all of your guests.

Features & Benefits

- Copper shade creates a warm, modern feel and looks beautiful in front-of-house applications
- Sleek finish creates a beautiful appearance that's ideal for both back- and front-of-house applications
- Creates consistent, targeted heat, so food items maintain ideal serving temperatures
- Countertop design with flexible neck can be adjusted as needed and moved anywhere in your establishment
- White bulb included
