Complete Table Collection round plate 20 cm melamine in white

The Complete Table Collection round plate by Pujadas offers a versatile design and classic presentation that any guest would love. It features a nontoxic, odorless melamine construction that's SGS-certified for food contact. Melamine, which is a synthetic resin that becomes hardened and formed after heating, looks like porcelain but is more durable and lightweight. It's heat- and corrosion-resistant and has a temperature range of -20°C to 70°C (-4°F to 158°F), so it's ideal for a wide range of applications. The neutral white color of this 20-centimeter round plate creates a clean, crisp look and blends with other servingware beautifully.

Features & Benefits

- Melamine construction is durable, lightweight, heat- and corrosion-resistant
- Features a versatile design with classic presentation
- White color creates a clean, crisp appearance
- Nontoxic, odorless construction
- Temperature range of -20°C to 70°C (-4°F to 158°F)
