Round black slate serving board 26.5 cm and acacia wood with handle

Combining sleek slate with a warm acacia wood frame, this round serving board by Pujadas promises a natural, elegant presentation for cold or hot plates. The black slate creates a dramatic appearance and has a unique textured surface. It's strong, easy to clean and nonporous, so it won't absorb flavors or bacteria from food items. The beautiful acacia wood frame is tough and water-resistant, making it perfect for foodservice applications, while the handle offers a comfortable, secure grip. The dark slate provides an exceptionally stunning background for light-colored items like cheese and bread or bright fruits, vegetables, entrées and more.
