Mediterranean Collection plate 22 cm melamine in white with blue rim

Offering a traditional Greek style, this Mediterranean Collection plate by Pujadas features a sleek white base with a rich blue rim that beautifully encompasses the delicious food items placed inside. Though it looks heavy, this plate is made of melamine, which is a synthetic resin that becomes hardened and formed after heating. The result is a durable, lightweight plate that's heat- and corrosion-resistant, with a temperature range of -20°C to 70°C (-4°F to 158°F). It's also nontoxic, odorless and SGS-certified for food contact. By combining its impressive construction with an elegant Mediterranean design, this 22-centimeter plate is a versatile, eye-catching addition to any table.
