Flexipan 35 round savarins mould for 6.6 cm-diameter 2 cm-tall

With a unique construction that's favored by high-class commercial kitchens, this Flexipan mold by Pujadas creates flawless round savarins with ease. Flexipan features a unique combination of silicone and fiberglass that offers incomparable flexibility, durability and natural nonstick properties. It doesn't need to be oiled and allows a smooth, easy release. The strong design can be used between 2000 and 3000 times before showing any signs of wear, making this mold a dependable and eco-friendly option. It features a temperature range of -40°C to 280°C, so it can be used for freezing, baking and everything in between. Easy to clean and NSF-certified, this versatile round savarin mold offers exceptional performance for unforgettable results.
