

pujadas[®]
A VOLLRATH COMPANY

Choose the power and capacity your kitchen needs, hassle-free

4 models to match your needs

From light preparations to intensive use in institutional kitchens

QuickFix detachable system

Swap and clean the arm in seconds, without slowing down kitchen service

Available accessories

Expand functionality and add versatility with compatible whisks

Stainless steel blade with guard

Blends, cuts, crushes, or emulsifies ingredients quickly

Variable speed with safety lock

Full control and safe operation for demanding preparations

Ergonomic design with dual grip

Greater stability and less effort during extended use

Stainless steel construction

Built for intensive use in professional kitchens

And you, which PREPTECH stick blender do you need?

Do you work with small batches or high volumes?
 Is your use occasional or intensive on a daily basis?
 What type of preparations do you make most often?
 Do you need to clean and swap the blending arm quickly during service?
 Do you want to add functions like whipping or emulsifying?

For light preparations or occasional use
 Choose a compact, easy-to-handle model

For daily use in foodservice
 Look for the right balance of power, control, and ergonomics

For high performance
 You need more power and continuous-duty capacity

For institutional kitchens or high-volume operations
 Choose maximum power and longer blending arms

If you need speed during service
 QuickFix lets you disassemble and clean in seconds

If you want more versatility
 Add compatible attachments depending on the model
